Spring  
51-83

Summer  
62-89

Fall  
52-87

Winter  
46-69

**Spring:** (March-June) Peak time for flowers to bloom.

**Summer:** (June-Sept) Many fruits are ripe. Birds stop having babies.

**Fall:** (Sept-Dec) wintering birds arrive. Nuts and fruits ripen.

**Winter:** (Dec-Mar) Grass and flowers start to grow.

Crops grow year-round. Crops that like warm and lots of sun grow well in California.

Spring  
28-72

36-72

Summer  
61-89

Winter  
19-49

# Iowa

**Spring:** (March-June) Snow begins to melt. Early flowers start to bloom.

**Summer:** (June-Sept) Days are hot, and nights are cool. Many plants are growing.

**Fall:** (Sept-Dec) Crops start to get ready for harvest. Tree leaves and grasses change color.

**Winter:** (Dec-Mar) Snow begins to fall and cover the ground. All plants are dormant.

Crops that are perennials start to grow in the spring. Crops are harvested in the fall. Perennials that can live in extreme cold do well in Iowa.
