Project Title:

Criterion	4 Exemplary	3 Adequate	2 Needs Improvement	1 Insufficient Evidence	Comments
Justification	Strong rationale and significance of proposed project. Addresses specific need(s) common among students.	Rationale or significance of project plan to meet goals/objectives is vague or generalized.	Weak presentation of students or school's need, or tenuous argument for grant's ability to address need.	Unconvincing or no evidence presented or grant proposal does not address stated need.	
Relationship to IALF Mission and Iowa Academic Standards	Project outcomes or activities align with both IALF mission and state academic standards.	Project elements align with the vision of IALF or Iowa academic standards but not both.	Project tangentially but not directly related to IALF mission or IA academic standards.	No explicit relationship between project and IALF mission or IA academic standards.	
Feasibility	Personnel, project activities, and budget expenditures congruent with project description and outcomes.	Deficiencies or overestimations in personnel, timeline or budget within tolerable range, outcomes appear achievable despite gaps or leaps.	Project's assembled personnel, timeline or budget expose weakness in plan design. Outcomes unlikely to be achieved in project's current form.	Insufficient information about personnel, project activities' timeline, or budget expenditures to gauge feasibility.	
Assessment/ Measurement	Clear picture of how objectives will be measured and how it will be demonstrated that the objectives/outcomes have been met.	Good understanding of anticipated specific outcomes but plan lacks some details about how outcomes/objectives will be measured.	Success is difficult to ascertain, flawed by unmeasurable outcomes, inappropriate methods or lack of useful data collection.	Evaluation plans missing or unusable	
Sustainability	Evidence presented that project or its impact can be sustained locally beyond grant period.	Project is temporary, designed to end when grant ends, or some effort to secure commitment beyond grant period is represented.	Plans for future are stated as assumptions without supporting argument or evidence.	No meaningful plans for the future, beyond current application term.
