EAT YOUR FRUITS AND VEGETABLES GAME

INSTRUCTIONS

- 1) Roll both dice.
- 2) Make an addition or a subtraction number sentence ($2+3=5$ or $3-2=1$).
- 3) Whatever the sum (+ answer) or difference (- answer) is of your number sentence, find that number on the fruits and vegetables of the garden, and cross off that number.
 - Example
 - You roll a 5 and a 4. Your number sentence could be $5+4=9$, and cross off fruit 9 on the garden map.
- 4) The goal is to cross off all 12 fruits and vegetables. The first one to do this wins!
- 5) Have fun! If you enjoy this activity, and would like to learn more about fruits and vegetables grown in space, please check out NASA's Veggie:
